PRECISION CUTTING & DOWEL DRILLING

MORSØ - F

Miter Machine

Foot-operated

- ▼ Dust free operation
- ▼ No compressor needed
- ▼ Exact 45° degree cut
- ▼ No noise

MORSØ-F cuts double miter at 45° and single miter up to 90°. Tenon, mortise joints and a wide variety of angled cuts can also be made.

Cuts hard wood, soft wood, plastic and MDF.

Because the MORSØ-F cuts with knives (non-rotating instead of saw blades) the working procedure creates no dust. The waste wood is led from the machine into the waste chute. As the MORSØ-F is foot-operated, there is no need for a compressor or electricity which means it can be operated literally anywhere.

MORSØ-F leaves the cut surface of the wood perfectly smooth and accurate, requiring no further preparation before joining. The horizontal movement of the knife block is stepwise adjustable. The vertical movement of the knife block is also adjustable.

The special lever system ensures a very easy operation. The sliding longitudinal stop and measuring scale ensure accurate repeat work and twin return springs automatically bring the knives back to the starting position.

QUALITY SINCE 1911

MORSØ - F Miter Machine

Foot-operated

TECHNICAL DATA

SUBJECT	SPECIFICATION
Double miter	45°
Single miter up to	45° - 90°
Cutting width maximum	100 mm (4")
Cutting height maximum	160 mm (6 ¼")
Square cutting	65/65 mm (2½")
Measuring scale up to	1,500 mm (60")
Net weight	90 kilos (198 lbs)
Warranty	5 years

The main features of the MORSØ F are:

- manually operated
 - no compressor or electricity needed
 - dust free operation
 - noiseless operation
 - superb finish
 - exact 45° degrees cut
 - no extra preparations needed before joining
 - built to last for generations
-

MORSØ F is delivered with:

- safety guard
- waste chute
- sliding longitudinal stop
- 1,500 mm/60' measuring scale
- adjustable fences (45°-90°)
- adjustable rabbet supports

ACCESSORIES:

- automatic rabbet supports
- manually operated digital measuring system up to 6,000 mm/240"
- deeper rabbet supports up to 70 mm - 2¾"
- left hand extension table
- roller infeed tables
- extra cast iron extension table and supporting leg
- flip stop
- wooden blade box for Morso blades
